3 Przepisz zdania, używając wyrażenia *not as ... as*.

- Trees are taller than bushes.
Bushes aren't as tall as trees.
- Dolphins are more intelligent than sharks.

- Lions are more dangerous than monkeys.

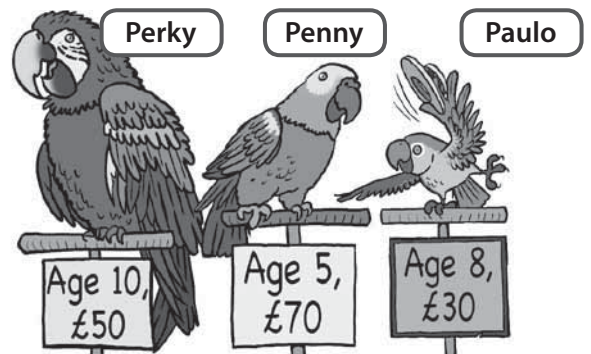

- Hamsters are cuter than rats.

- Eagles are faster than cuckoos.

- Elephants are stronger than giraffes.

- Dogs are friendlier than hamsters.

4 Popatrz na obrazek. Napisz zdania o tych papugach, używając podanych przymiotników w stopniu najwyższym.

- old Perky is the oldest parrot.
- small _____
- expensive _____
- young _____
- big _____
- cheap _____
- funny _____

5 Pracujcie w parach. Zadawajcie sobie nawzajem pytania dotyczące waszych rodzin i odpowiadajcie na nie.

tall funny old young beautiful
intelligent

Who's the tallest person
in your family?

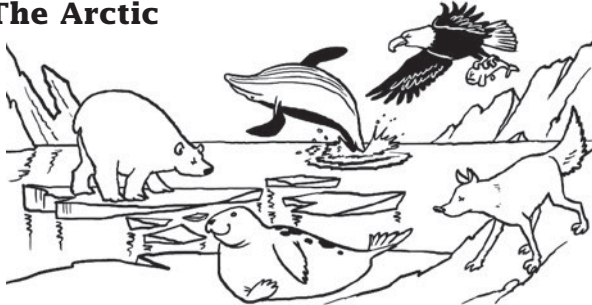

My granddad is the tallest
person in my family.

Unit 3 Extension worksheet

1 Popatrz na obrazek i przeczytaj tekst. Jak nazywa się obszar Ziemi, w którym żyją wymienione w tekście zwierzęta?

The Arctic

The Arctic isn't the coldest place on earth, but there's lots of snow and ice there. The winters are cold and the summers are cool. Lots of wild animals live in the Arctic. There are polar bears, seals, whales, foxes and wolves. There are lots of fish and birds, too.

The polar bear is the largest species of bear in the world. Polar bears eat smaller animals, like seals. They sometimes eat whales, too. There are lots of species of whale in the Arctic. There are killer whales, baleen whales and beluga whales. Killer whales are bigger than beluga whales, but they aren't as big as baleen whales. Baleen whales are the biggest whales in the Arctic Ocean. Whales eat fish and smaller sea animals, like octopuses. There are beautiful birds in the Arctic, too. You can see owls and eagles there. Some birds stay in the Arctic all year round, but other birds fly to warmer countries in the winter.

Many of the animals in the Arctic are endangered species, because the temperature is changing. The Arctic is getting warmer and many of the animals there can't live in warmer temperatures. They need the cold weather to survive.

2 Przeczytaj powyższy tekst jeszcze raz. Następnie uzupełnij poniższe zdania.

- 1 There's lots of snow and ice in the Arctic, but it isn't _____ place on earth.
- 2 Polar bears usually eat _____ animals.
- 3 Killer whales aren't _____ whales in the Arctic Ocean.
- 4 Baleen whales are _____ than killer whales.
- 5 There are owls, eagles and other _____ in the Arctic.
- 6 Some Arctic birds fly to _____ countries in the winter.

3 Poniższe zdania nie są zgodne z prawdą. Napisz poprawne zdania.

1 In the Arctic, the winters aren't as cold as the summers.

The winters are colder than the summers.

2 Polar bears aren't as large as brown bears.

3 Seals are as big as polar bears.

4 Baleen whales aren't as big as killer whales.

5 Beluga whales aren't as small as killer whales.

6 Octopuses are as big as whales.

7 The Arctic isn't as warm as it was in the past.

4 Popatrz na tekst w ćw. 1 jeszcze raz. Dopasuj nagłówki do odpowiednich akapitów.

Paragraph 1

Paragraph 2

Paragraph 3

a Reasons why animals in the Arctic are endangered

b An introduction to animals in the Arctic

c Behaviour and appearance of animals in the Arctic

5 Pracujcie w parach. Niech każde z was pomyśli o jakimś zwierzęciu żyjącym w Arktyce. Zadawajcie sobie nawzajem pytania i udzielajcie informacji na temat rozmiaru tych zwierząt. Odgadujcie, o jakie zwierzę chodzi.

Is it a polar bear?

No, it isn't. It's smaller than a polar bear.

Is it a wolf?

No, it isn't. It isn't as big as a wolf.

Is it a seal?

Yes, it is!

Extra writing

6 Wybierz jedno ze zwierząt z tekstu w ćw. 1. Zbierz więcej informacji na jego temat i napisz o nim krótki tekst.
